## INDEPENDENT AUDITOR'S REPORT

---

To the Members of County of St. Paul No. 19

### *Opinion*

We have audited the consolidated financial statements of County of St. Paul No. 19 (the Municipality), which comprise the consolidated statement of financial position as at December 31, 2018, and the consolidated statements of operations and accumulated surplus, changes in net financial assets (debt) and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Municipality as at December 31, 2018, and the results of its operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

### *Basis for Opinion*

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Municipality in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with those requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### *Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements*

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Municipality's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the Municipality or to cease operations, or has no realistic alternative but to do so.

(continues)

Those charged with governance are responsible for overseeing the Municipality's financial reporting process.

*Auditor's Responsibilities for the Audit of the Consolidated Financial Statements*

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Municipality's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Municipality's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Municipality to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**1. SIGNIFICANT ACCOUNTING POLICIES**

The consolidated financial statements of the County of St. Paul No. 19 are the representations of management prepared in accordance with generally accepted accounting principles for local governments established by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada. Significant aspects of the accounting policies adopted by the municipality are as follows:

Reporting entity

The consolidated financial statements reflect the assets, liabilities, revenues and expenditures, changes in fund balances and change in financial position of the reporting entity. This entity is comprised of the municipal operations plus all of the organizations that are owned or controlled by the municipality and are, therefore, accountable to the municipal Council for the administration of their financial affairs and resources.

The schedule of taxes levied also includes requisitions for education, health, social and other external organizations that are not part of the municipal reporting entity.

The statements include trust assets that are administered for the benefit of external parties. Interdepartmental and organizational transactions and balances are eliminated.

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting records revenue as it is earned and measurable. Expenses are recognized as they are incurred and measurable based upon receipt of goods or services and/or the legal obligation to pay.

Funds from external parties and earnings thereon restricted by agreement or legislation are accounted for as deferred revenue until used for the purpose specified.

Government transfers, contributions and other amounts are received from third parties pursuant to legislation, regulation or agreement and may only be used for certain programs, in the completion of specific work, or for the purchase of tangible capital assets. In addition, certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred, services performed or the tangible capital assets are acquired.

Use of estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles for local governments established by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditure during the period. Where measurement uncertainty exists, the financial statements have been prepared within reasonable limits of materiality. Actual results could differ from those estimates.

Accounts receivable are stated after evaluation as to their delectability and an appropriate allowance for doubtful accounts is provided where considered necessary. The amounts recorded for valuation or tangible capital assets, the useful lives and related amortization of tangible capital assets are areas where management makes significant estimates and assumptions in determining the amount to be recorded in the financial statements.

Internally constructed tangible capital assets, mainly consisting of roads, are costed by using internal documents to determine the costs of the various components of the construction. Such documents include costing reports for projects, machines, timesheets etc. Gravel inventory is costed by a similar method using internal documents to determine the cost of crushing. As uncertainty inherently exists in the accurateness of these documents, actual results could differ from the accumulated costs.

Tax revenue

Tax revenues are recognized when the tax bylaw has been authorized and the taxable event has occurred.

Requisitions operate as a flow through and are excluded from municipal revenue.

Property tax revenue is based on market value of assessments determined in accordance with the Municipal Government Act. Tax rates are established annually. Taxation revenues are recorded at the time tax notices are issued. Assessments are subject to appeal.

Construction and borrowing costs associated with local improvement projects are recovered through annual special property tax assessment during the period of the related borrowings. These levies are collectible from property owners for work performed by the County and are recognized as revenue in the year they are levied.

Government transfers

Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or the result of a direct financial return.

Government transfers are recognized in the financial statements as revenue in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be determined.

1. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Cash and cash equivalents

Cash includes cash and cash equivalents. Cash equivalents are investments in treasury bills and are valued at cost plus accrued interest. The carrying amounts approximate fair value because they have maturities at the date of purchase of less than ninety days.

Debt charges recoverable

Debt charges recoverable consist of amounts that are recoverable from municipal agencies or other local governments with respect to outstanding debentures. These recoveries are recorded at a value that equals the offsetting portion of the un-matured long term debt.

Inventory of land held for resale

Land held for resale is recorded at the lower of cost or net realizable value. Cost includes costs for land acquisition and improvements required to prepare the land for servicing such as clearing, stripping and levelling charges. Related development costs incurred to provide infrastructure such as water and wastewater services, roads, sidewalks and street lighting are recorded as physical assets under the respective function.

Requisition over-levy and under-levy

Over-levies and under-levies arise from the difference between the actual property tax levy made to cover each requisition and the actual amount requisitioned.

If the actual levy exceeds the requisition, the over-levy is accrued as a liability and property tax revenue is reduced. Where the actual levy is less than the requisition amount, the under-levy is accrued as a receivable and as property tax revenue.

Requisition tax rates in the subsequent year are adjusted for any over-levies or under-levies of the prior year.

Deferred revenue

Deferred revenue is comprised of funds that the use of which are externally restricted. These funds are recognized as revenue in the period they are used for in the purpose specified.

Non-financial assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the normal course of operations. The change in non-financial assets during the year, together with the excess of revenues over expenses, provides the consolidated Change in Net Financial Assets (Debt) for the year.

1. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

a) **Tangible Capital Assets**

Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets is amortized on a straight-line basis over the estimated useful life as follows:

---

|                         | YEARS  |
|-------------------------|--------|
| Land improvements       | 15-25  |
| Buildings               | 10-50  |
| Engineered structures   |        |
| Roads                   | 20-40  |
| Bridges                 | 24-129 |
| Water system            | 30-75  |
| Wastewater system       | 45-75  |
| Machinery and equipment | 2-15   |
| Vehicles                | 10-25  |

One-half of the annual amortization is recorded in the year of acquisition, or in the year the asset is put into service or constructed. No amortization is calculated in the year of disposal.

b) **Contributions of Tangible Capital Assets**

Tangible capital assets received as contributions are recorded at fair value at the date of receipt and also are recorded as revenue.

c) **Inventories**

Inventories of materials and supplies for consumption are valued at the lower of cost or replacement cost with the cost being determined by the average cost method. Gravel inventory is valued at the amount of royalty and the costs of crushing.

d) **Leases**

Leases are classified as capital or operating leases. Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as capital leases. All other leases are accounted for as operating leases and the related lease payments are charged to expenses as incurred.

Impairment of long-lived assets

The municipality tests for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable. Recoverability is assessed by comparing the carrying amount to the projected future net cash flows the long-lived assets are expected to generate through their direct use and eventual disposition. When a test for impairment indicates that the carrying amount of an asset is not recoverable, an impairment loss is recognized to the extent the carrying value exceeds its fair value.

Budget figures

Budget figures are included for information purposes only and are not audited.

**2. ADOPTION OF RECENT ACCOUNTING PRONOUNCEMENTS**

The following accounting standards have been issued by the Chartered Professional Accountants of Canada (CPA Canada). These sections are effective for fiscal periods beginning on or after April 1, 2017 and have been applied retrospectively.

*Section PS 3210 - Assets*

This section provides guidance for applying the definition of assets set out in Financial Statement Concepts, Section PS 1000, and establishes general disclosure standards for assets.

*Section PS 3320 - Contingent Assets*

This section defines and establishes disclosure standards on contingent assets.

*Section PS 3380 - Contractual Rights*

This section defines and establishes disclosure standards on contractual rights.

*Section PS 2200 - Related Party Disclosure*

This section defines a related party and establishes disclosures required for related party transactions.

*Section PS 3420 - Inter-entity Transactions*

This section establishes standards on how to account for and report transactions between public sector entities that comprise a government's reporting entity from both a provider and a recipient perspective.

**3. RECENT ACCOUNTING PRONOUNCEMENTS PUBLISHED BUT NOT ADOPTED**

The following accounting standards have been issued by the Chartered Professional Accountants of Canada (CPA Canada) but are not yet effective. The Municipality is currently evaluating the effect of adopting these standards on their consolidated financial statements.

*Section PS 3450 - Financial Instruments*

This section establishes recognition, measurement and disclosure requirements for derivative and non-derivative financial instruments. The standard requires fair value measurement of derivatives and equity instruments. All other financial instruments can be measured at cost/amortized cost or fair value at the election of the government. Unrealized gains and losses are presented in a new statement of re-measurement gains and losses. There is a requirement to disclose the nature and extent of risks arising from financial instruments and clarification is given for the de-recognition of financial liabilities. This standard is applicable for fiscal years beginning on or after April 1, 2019.

*Section PS 1201 - Financial Statement Presentation*

This section requires a new statement of re-measurement gains and losses separate from the statement of operations. Included in this new statement are the unrealized gains and losses arising for the re-measurement of financial instruments and items denominated in foreign currencies as well as government's proportionate share of other comprehensive income that arises when a government includes the results of government business enterprises and partnerships. This standard is applicable for fiscal years beginning on or after April 1, 2019.

**COUNTY OF ST. PAUL NO. 19****Notes to Consolidated Financial Statements****Year Ended December 31, 2018****3. RECENT ACCOUNTING PRONOUNCEMENTS PUBLISHED BUT NOT ADOPTED *(continued)****Section PS 2601 - Foreign Currency Translation*

This section requires that monetary assets and liabilities denominated in a foreign currency be adjusted to reflect the exchange rates in effect at the financial statement date. Unrealized gains and losses are to be presented in the new statement of re-measurement gains and losses. This section replaces PS2600 and is applicable for years beginning on or after April 1, 2019.

*Section PS 3041 - Portfolio Investments*

This section removes the distinction between temporary and portfolio investments. This section now includes pooled investments in its scope and was amended to conform to Financial Instruments PS3450. Upon adoption of PS3450 and PS3041 Temporary Investments PS3030 will no longer apply. This standard is applicable for fiscal years beginning on or after April 1, 2019.

*Section PS 3430 - Restructuring Transactions*

This section defines a restructuring transaction and establishes standards for recognizing and measuring assets and liabilities transferred in a restructuring transaction. This standard is applicable for fiscal years beginning on or after April 1, 2018.

*Section PS 3280 - Asset Retirement Obligation*

The section is intended to provide guidance on accounting for ARO's and will apply in years beginning on or after April 1, 2021.

*Section PS 3400 - Revenue*

This section will provide greater clarity on the difference between the exchange and non-exchange transactions. Applies in years beginning on or after April 1, 2022.

Debenture debt is repayable to the Alberta Capital Finance Authority and bears interest at rates ranging from 2.226% to 5.875% per annum, matures in periods 2022 through 2048. The average annual interest rate is 3.67% (2017 - 3.71%).

Debenture debt is issued on the credit and security of the municipality at large.

Interest on long term debt amounted to \$403,958 (2017 - \$396,889).

The municipality's total cash payments for interest were \$418,208 (2017 - \$413,092).

**COUNTY OF ST. PAUL NO. 19****Notes to Consolidated Financial Statements****Year Ended December 31, 2018****DEBT LIMITS**

Section 276(2) of the Municipal Government Act requires that debt and debt limits as defined by Alberta Regulation 255/00 for the County of St. Paul No. 19 be disclosed as follows:

|                                        | <b>2018</b>          | <b>2017</b>   |
|----------------------------------------|----------------------|---------------|
| Total debt limit                       | <b>\$ 41,515,350</b> | \$ 39,391,407 |
| Total debt (including loan guarantees) | <b>(9,379,002)</b>   | (10,202,106)  |
| Amount of debt limit unused            | <b>\$ 32,136,348</b> | \$ 29,189,301 |
| Debt servicing limit                   | <b>\$ 6,919,225</b>  | \$ 6,565,235  |
| Debt servicing                         | <b>(1,004,753)</b>   | (1,144,452)   |
| Amount of debt servicing limit unused  | <b>\$ 5,914,472</b>  | \$ 5,420,783  |

The debt limit is calculated at 1.5 times revenue of the municipality (as defined in Alberta Regulation 255/00) and the debt service limit is calculated at 0.25 times such revenue. Incurring debt beyond these limitations requires approval by the Minister of Municipal Affairs. These thresholds are guidelines used by Alberta Municipal Affairs to identify municipalities that could be at financial risk if further debt is acquired. The calculation taken alone does not represent the financial stability of the municipality. Rather, the financial statements must be interpreted as a whole.

### 18. LOCAL AUTHORITIES PENSION PLAN

Employees of the municipality participate in the Local Authorities Pension Plan (LAPP), which is one of the plans covered by the *Public Sector Pension Plans Act*. The LAPP is financed by employer and employee contributions and by investment earnings of the LAPP Fund.

Contributions for current service are recorded as expenditures in the year in which they become due.

The municipality is required to make current service contributions to the LAPP of 10.39% of pensionable earnings up to the year's maximum pensionable earnings under the Canada Pension Plan and 14.84% on pensionable earnings above this amount.

Total current service contributions by the municipality to the LAPP in 2018 were \$733,608 (2017 - \$715,489). Total current service contributions by the employees of the municipality to the Local Authorities Pension Plan in 2018 were \$671,709 (2017 - \$658,542).

At December 31, 2017, the LAPP disclosed an actuarial deficiency of \$4.84 billion.

**19. SEGMENTED DISCLOSURE**

The County provides a range of services to its ratepayers. For each reported segment, revenues and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. The accounting policies used in these segments are consistent with those followed in the preparation of the financial statements as disclosed in Note 1.

Refer to the Schedule of Segmented Disclosure (Schedule 7).

**20. FINANCIAL INSTRUMENTS**

The municipality's financial assets consist of cash and cash equivalents, accounts receivable, investments, debt charges recoverable, and financial liabilities consisting of bank indebtedness, accounts payable and accrued liabilities, deposit liabilities, requisition over-levy, and long term debt. It is management's opinion that the municipality is not exposed to significant interest or currency risks arising from these financial instruments.

The municipality is subject to credit risk with respect to taxes and grants in place of taxes receivables and trade and other receivables. Credit risk arises from the possibility that taxpayers and entities to which the municipality provides services may experience financial difficulty and be unable to fulfil their obligations. The large number and diversity of taxpayers and customers minimizes the credit risk.

Unless otherwise noted, the carrying value of the financial instrument approximates fair value.

**21. APPROVAL OF FINANCIAL STATEMENTS**

Council and Management have approved these financial statements.
