

Neighbourhood Crime Prevention

**Reporting Crime and
Suspicious Activities**

2020-01-14

Preventing Crime in The Community

Get to know your neighbours – build connections so you can look out for each other.

Doors should be visible from the street or by your neighbours. Cut down or take down anything making a hiding spot for criminals.

Walkways and doorways should be well-lit.

Protect your privacy and use curtains and blinds.

Ask professional security companies or the staff at home renovation and building stores to walk you through security options.

Record the serial numbers of your valuables, mark them with your drivers license number or name and keep a list of these items.

Keep a list of all valuables, credit cards, and serial numbers in a safe place.

Keep most cash in the bank.

NEVER confront a suspected criminal or enter your home if you think you have a break-in. Call and wait for police at a safe place, like a neighbor's house or store.

Three Steps to Follow

Observe: Know what to watch for

Report: Call Police

Record: Write down the information
